SPRING 2012 WEAVERHOUSE NEWS SPRING 2012

Marie Walters asked me to print a letter in this Summers Newsletter.....
'I would like to say a big thank you for all the get well messages that have been passed on to me while I have been recovering from my broken wrist. I have missed all the chats with you all and hopefully I will be able to return to work in May, and I can not wait to get back to normal ! Thank you to Carole, Jill, and Andy for covering all the extra hours, making sure reception ran smoothly, and a massive thank you to Sam, who took over the equine diary - not an easy task ! Thank you all the Osteopaths for their advice and concern. A big thank you to Andy and Adam, for all their help, kindness, concern and understanding. It is so nice to know I have such lovely colleagues and friends. See you all soon, Love Marie xx

Do you know our opening hours ?

Mon and Fri 8am to 6pm

Tue, Wed, Thurs 8am to 8pm

Sat 9am to 2pm

Once again, due to the popularity of the Free Back Check promotion, this will be ongoing until further notice - why not book a friend in as a treat ? It costs nothing !!!!!

As I sit and write this letter, it is a glorious day outside with the sun shining brightly. We have had a hectic few months, with Marie being off and expansion within the company, it has been a challenging time to say the least. Everyone has worked really hard to pull together as a team, and a massive thank you goes out to my reception team for working tirelessly throughout this difficult period. Newly appointed Sam Newall was thrown in at the deep end, but has been excellent. Together with Carole and Jill, they have all worked so very hard in ensuring everything has run smoothly. It has also been a challenging time for the practitioners, so a big thank you goes out to them as well. We hope to have Marie back with us soon, but her health and well being is paramount, so it is really important that she is 100% well again, before returning to work. WeaverHouse Canine is in the final stages of development which is really exciting. We are also going to be present at many of the Summer shows this year including Nantwich, Bolesworth Castle, and the Cheshire Show, to name but a few. Please pop in and say hello !!

I have finally got my horse now, thank you to all that have tried to help, and for all the advice I have received from patients whilst on reception. What lovely people you all are !

Have a fantastic Summer. Kindest Regards, Andy

Resident Osteopath Adam Silverston - 'Your Pain, Explained'

The human body has a fantastic healing ability which is sometimes impeded through disease, injury or the stresses and strains of everyday life. Osteopaths assess the whole body, identify these restrictions to self healing and will attempt to remove them. Adam came up with the Free Back Check campaign and explains what happens during the check -

Adam will take short verbal history of the problem and nature of your pain. Depending on the problem you may be asked to undress to your underwear (short shorts and sports vests are appropriate). A visual and manual assessment will be conducted, followed by an explanation of your pain, some advice and the opportunity, if you wish, to book a treatment at the practice, if deemed appropriate.

Tom Austen is also offering this service to new patients, and as Tom is heavily involved within the treatment of horses for WeaverHouse Equine, he is also offering the Free Back Check to the riders of the horses he treats. This will be explained in detail, and how this can hugely benefit the rider, in the next edition of WeaverHouse Equine News.

Vega Testing here at WeaverHouse.....

What and who is Vega Testing good for?

Vega Testing can help to identify symptoms that may have been undiagnosed for many years such as:

- allergies,
- infections,
- poison,
- bacteria and parasites,
- stress,
- vitamin and mineral deficiencies,
- viruses, and
- chemical sensitivities

We have a lovely lady called Phillipa Newman that attends the practice on every second Thursday of each month. Phillipa practices Vega Testing and Homeopathy - if you have any questions, please do not hesitate to call reception, where you can leave a message, and Phillipa will call you back if you wish to discuss any aspects of the treatments she offers here at [WeaverHouse](#)

Homeopathy Here at WeaverHouse - How Does Homeopathy Work ?

As part of the homeopathy definition, we need to explain how it works. As we mentioned earlier, homeopathy, which is sometimes referred to as homeopathy medicine, uses your body's own healing abilities to cure you of the cause for your ailments. It uses specific homeopathy remedies selected for your specific circumstances. These remedies then trigger the body to go about healing itself. Your remedies are chosen by your practitioner after a lengthy consultation to determine a complete picture of you and your ailment.

Advantage of Homeopathy

A big advantage of Homeopathy is that by stimulating the body to heal itself of your particular ailment, you are also strengthening your body so that it is also able to withstand other ailments too. Another big advantage is that you don't have to worry about any dangerous side effects like you do with prescription medicines.
