****FREE BACK CHECK **FREE BACK CHECK****

Due to the massive success of our Free Back Check campaign, we have decided to make this a permanent offer for new and existing clients, their friends, and family. We have specially printed gift cards available that entitle you to offer anyone you know, a completely free back check with no obligation. The check lasts for 15 minutes, and a case history will be taken. If you would like to take advantage of this offer, please ask your Osteopath for a gift card. You can also ask one of our reception team.

Hi Everyone.

Well, it looks like Summer has arrived at last! WeaverHouse has been very busy in general and we have some new Practitioners that have joined us. Joy Edge is offering Reflexology, Aromatherapy Massage, Indian Head Massage, as well as Hot Stone Massage. Joy has a wealth of experience and for prices and availability, please contact a member of the reception team.

Adam Silverston is leaving WeaverHouse, for personal reasons, and is returning back to the Isle of Man. Adam has been a very popular member of the team here and will be missed greatly. His replacement is Kirstin Field. Big shoes to fill I know, however we feel Kirstin is more than capable of taking over his list. Kirstin also offers Cranial Osteopathy as well as having Equine Osteopathy interests. Kirstin is extremely excited about joining the team here at WeaverHouse, and we are indeed looking forward to working alongside her. Kind Regards, Andy - P Manager.

Do you know our opening hours ?

Mon and Fri 8am to 6pm
 Tue, Wed, Thurs 8am to 8pm
 Sat 9am to 2pm

Healthy Feet for Summer !
 Michael Harrison Blount is our resident Podiatrist here at WeaverHouse. Michael deals with all types of foot problems and is an extremely experienced Practitioner. Going on holiday this Summer ? Why not book in to get your feet checked for those hot Summer days on the beach ! Book well in advance as Michael gets extremely busy !

SPECIAL SUMMER OFFER VALID JUNE - AUGUST ONLY

****BOTOX SPECIAL OFFER****

For the next 2 months Mr Tarek El-Khahsab is offering Botox at a special festive price –

If you e mail us with a question, our policy is to get back to you within 24 hours. Our reception team are always happy to help with any questions or queries you may have.

FOCUS ON

Osteopathy

Osteopathy is a popular treatment for short and long term relief of pain and dysfunction that focuses on the whole person, not just the symptom. If you are suffering from long standing (chronic) or short term (acute) problems then consider Osteopathy as an effective treatment.

Treatment involves gentle, manual techniques – easing pain, reducing swelling and improving mobility.

Osteopathy is very effective as it is a way of detecting damaged or unbalanced parts of the body such as muscles, ligaments, nerves and joints. When the body is balanced and efficient, just like a well tuned engine, it will function with the minimum of wear and tear, leaving more energy for living. Osteopaths at WeaverHouse use many of the diagnostic procedures involved in conventional medical assessment and diagnosis. Osteopathy's main strength lies in the unique way the patient is assessed holistically from a **mechanical**, **functional** and **postural** standpoint.

If you've not experienced Osteopathy treatment before please call WeaverHouse and we'll gladly answer any initial questions you might have.

We also provide Osteopathy for children, Cranial Osteopathy and [Equine / Canine Osteopathy](#)

Osteopathy for infants and children

Babies & Children may suffer stresses & strains in their bodies due to the birth process. In order to reduce the size of the head the soft bones of the baby's head overlap as it squeezes through the bony pelvis. Many babies are born with odd shaped heads as a result of this. Usually this corrects itself but occasionally, especially if the birth has been difficult, the moulding is retained & can result in compression & discomfort.

This can result in symptoms like;

Crying & Irritable: The baby may have a constant feeling of pressure in the head.

Feeding Problems: Difficulty in sucking as the nerves to the tongue may be irritated.

For babies and children we use [Cranial Osteopathy](#), which is very gently, safe and effective. Specific gentle pressure is applied where necessary to release the compression.

On average 2 to 6 treatments are sufficient. This will vary according to the severity of the problem & the age of the child. Your Osteopath will always advise of their treatment schedule recommendations, based on your own specific needs.
