

## WeaverHouse News

### What's New....

As the festive season is just around the corner and it is starting to feel decidedly wintery, things have been busy here at WeaverHouse. We are sorry to have said goodbye to Kirstin Field and Gemma Street and wish them all the best for the future, but are pleased to be welcoming some new faces to the practice, who we are sure will continue to deliver the excellent, attentive service that we pride ourselves on.

Kind regards,

All of the team at WeaverHouse

### Introducing.....Alan Johnson M.Ost Osteopathy

Prior to becoming an Osteopath I accomplished a successful career as a fitness coach and personal trainer qualifying with The National Academy of Sports Medicine. During my career I gained valuable insight into working with a wide variety of clients with issues such as postural dysfunction and sports injuries. To increase my knowledge further and to strive to help people achieve better function I decided to pursue a career by undertaking a masters degree in Osteopathic medicine. This extensive training allowed me to become familiar with the latest research and methods of treatment which included an introduction course in Cranial Osteopathy in which I have a keen interest in progressing. I am a passionate and empathetic practitioner who is dedicated to helping to improve the health of others.
